

**HELPERS
TO SELL SEALS
THURSDAY NOON**

Eastern Star Seals Plan for Organizations and Individuals to Seal Booths This Week.

Plans for aid from any organization for individuals who wish to help the Eastern Star in the sale of tuberculosis seals was sent out today by Mrs. Josephine Maco, chairman of the committee in charge of the campaign. Although the drive, which starts Thursday noon, is under the auspices of the Eastern Star, Mrs. Maco says that assistance from any organization is wanted.

Chairmen of the various booths to be erected in each department store, 5 and 16 cent stores, banks, other business offices and buildings and association homes are being named today. Mrs. Maco is appointing a chairman for each building where there will be more than one booth. Supplies will be kept at the office of L. R. Maco, 100 Nineteenth street. Anyone wishing stamps or literature may secure the same by calling at the office or telephoning either the office or residence.

Mrs. W. L. Eddy of Milan has been named chairman of the workers in Milan. "The drive there will begin at the same time as it does in Rock Island, also lasting through Saturday evening. In order to give more of its attention to the drive in the country districts, the Eastern Star committee has agreed to put the campaign on in these parts after the local drive is completed. In this way all its time will be given to the country districts.

The Hi-Y Girls' club, with Miss Hazel Rust at leader, has decided to take over several booths, especially those to be put in the high school. Any other organization wishing to help in the drive may get all information from Mrs. Maco.

The seals will sell at one cent apiece and health bonds from \$5 to \$100 will be sold. The proceeds, all except 22 1/2 per cent, which goes to the state association, will be used by the Lower Rock Island County Tuberculosis association for local benefits. Mayor Harry Schriver is chairman of the lower county organization.

**STEEL TREATING TO
HEAR TALK BY NOTED
AUTHORITY ON RUST**

Have you ever seen metals rust while you were looking at them? This will be one of the demonstrations Thursday evening at the meeting of the members of the tri-city chapter of the American Society for Steel Treating. The chapter will hold its monthly dinner and meeting at 7 o'clock Thursday evening, Dec. 16, at the Manufacturers hotel, Moline. The address of the evening will be by Dr. French, chief chemist of the Dearborn Chemical company of Chicago. Dr. French is recognized as the highest authority in the United States on the subject of rust and rust prevention. He will give a lecture on this question and will give some interesting demonstrations in illustration. He will, among other demonstrations, show the members of the chapter metals rusting right before their eyes in such a way that they can actually see the corrosion of the surface. Manufacturers spend immense sums, sometimes hundreds of thousands of dollars, in perfecting metal products, and then before the products reach the consumer rust ruins or at the least seriously damages them. Dr. French will demonstrate how this can be prevented at moderate expense and little effort. His lecture promises to be one of the most interesting of the either series before the Steel Treating society.

At this meeting further reports will be submitted on the membership campaign, now being carried on by the local chapter. The campaign closes with the March meeting. There are 10 teams in the competition, headed by the following: C. H. Bleibinger, W. L. Eiteman, H. H. Hecht, C. H. Lage, C. E. Radasch, E. E. Schafer, J. W. Wynna, Jr., H. M. Church, E. H. Heintzel, C. L. Schofield.

**We Have This
In Common----**

You in selecting, and we in selling Christmas gifts, have in common the desire to please.

It is a poor transaction for both of us unless the gift you select pleases both you and the one who receives it.

We can help you to select suitable gifts that you can afford, for each member of the family; and we are glad to have you come in and look around whether you buy or not.
